Gym Class

Physical Education plays a large part in our school curriculum. Physical fitness has its necessary place in gaining an education.

In Search of Knowledge . . .

The study of matter and how it is composed can be a very interesting subject with the use of laboratory equipment.

Science

Home Economics

Home Economics trains girls to fill their dual job of citizen and home maker as they learn to cook, sew, and do creative work.

Library Assistants

The library assistants help in cataloguing, issuing, and stamping the books in our almost self-service library. Without these helpers our library would be of very little value to us.

Shop

In the agriculture shop, we find experience is the best teacher. The equipment in our shop is truly adequate for our school.

Lunchroom

Hot lunches through help of the Federal aid are an asset to our school. For each dollar the child pays, the Federal aid gives two. Thus we have a variety of meals for a minimum of money.

Foreword

As we remember the events of our last year in high school, there is sorrow yet joy in our hearts. We have recorded these events with pleasure, and we hope that you will review them with pleasure. Realizing that we must leave the guiding hand of our teachers we are skeptical. But we know that we have gained much in our four years in high school, and we hold our heads high hoping that you will remember the Class of '61.

Marion Cox

Editor

RODERICK MARION HORTON
Vocational Agriculture Teacher

To

Mr. R. M. Horton

Whose kindness and understanding have helped to develop the minds and interest of each student in Wilson's Mills High School, we the Seniors of 1961 wish to dedicate the thirteenth edition of "Treasured Memories."

They Do Odd Jobs, Too!

WILSON'S MILLS

Our faculty does an effective job of teaching despite the fact that we have many combination grades. These combination grades make it harder on the students as well as the teachers, yet we are proud of our teachers' efforts.

Although our school is small our faculty strives to promote higher and higher standards of education. They have done a good job in the past which is proved by the caliber

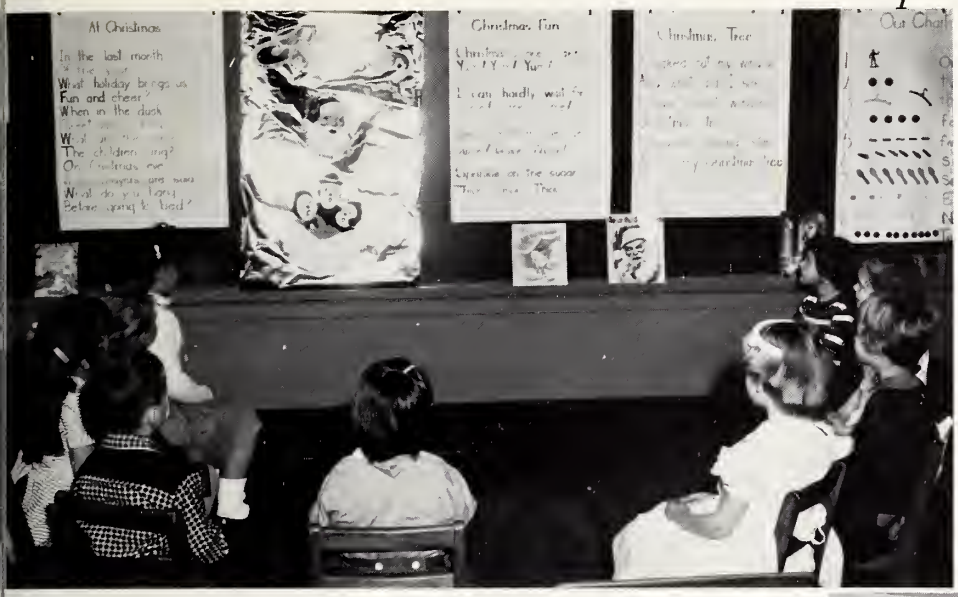
We have these additional leaders in our P.T.A.:

Chaplain: Rev. William Claffey, Membership Chairman: Miss Meta Barnes Uzzle, Social Chairman: Mrs. G. C. Uzzle.

The Grammar School Emphasizes



First Grade

Learning to read is of most importance to the First grader; consequently, much time is spent in the reading circle.

Second and Third Grade

In the Second Grade reading begins to make progress, and the students learn new words daily.

First and Second Grade

Arithmetic is very important to the Third grader, which helps to train the mind for difficult problems in addition and subtraction.

JOHNSTON COUNTY HERITAGE CENTER
SMITHFIELD, N.C.

Arithmetic, Science, Geography

Arithmetic

Arithmetic is one of the most important subjects of the Third Grade. Drill in addition and subtraction, as well as how to solve problems, are stressed.

Science

Science will be very helpful in modern living to the Fourth Grade.

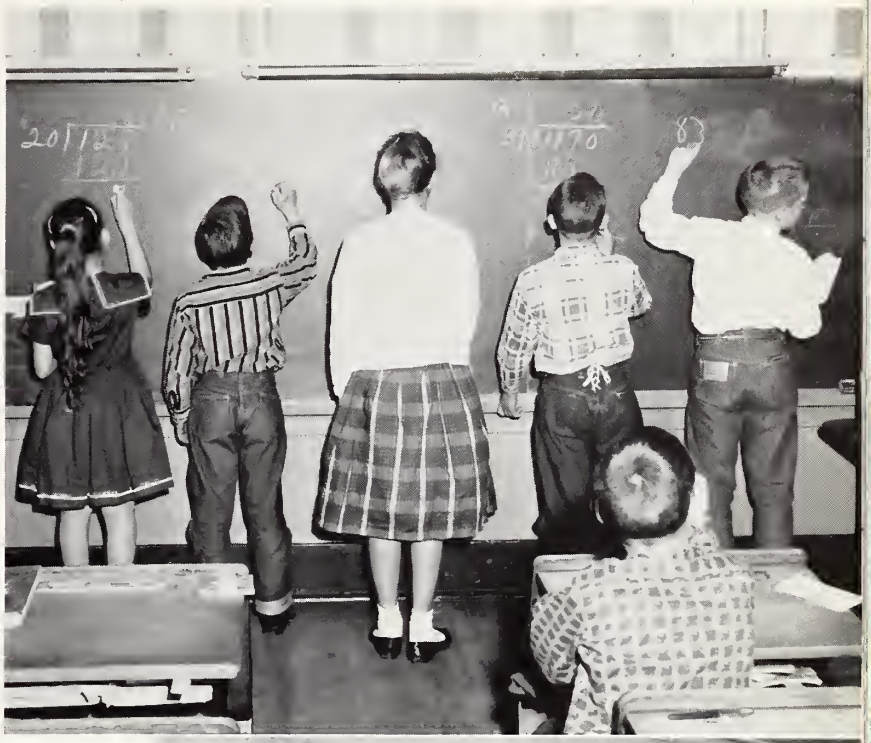
Geography

Geography teaches the students of the Fourth and Fifth Grade the most important parts of the world, and how they live.

English, Health, and Arithmetic

Arithmetic

Division teaches a child another process essential to handling our money. The Fifth and Sixth Grade works hard on this.



English

Charts in the Seventh Grade English class make them realize the right and wrong ways to speak and to write.

Health

The Sixth Grade worked hard to learn the parts and functions of the ear, one of our vital organs.

And the High School Has English

Science

These Seventh and Eighth Grade students are learning about science by doing an experiment. Learning by doing is the best method of acquiring science, a vital subject in this atomic age.

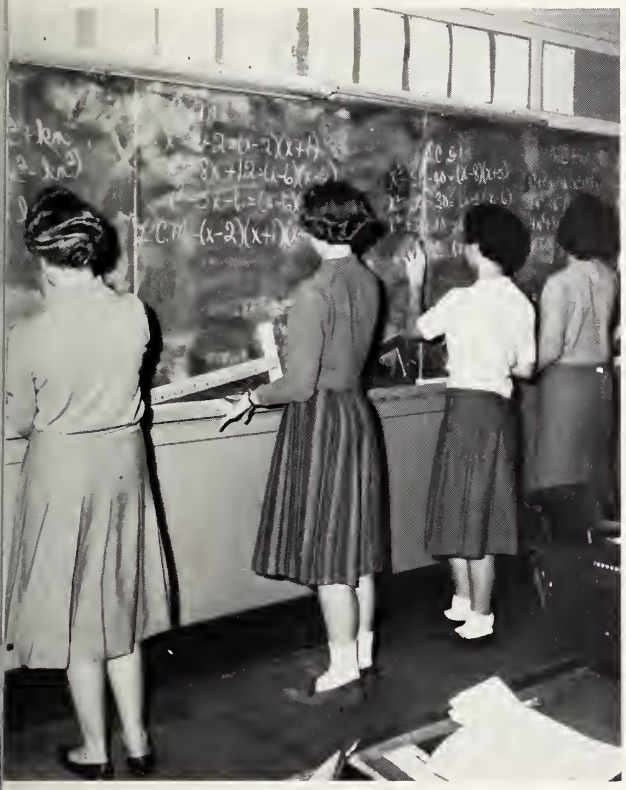
Arithmetic

These Eighth Grade boys and girls are working arithmetic which is the foundation of higher math, such as algebra.

English

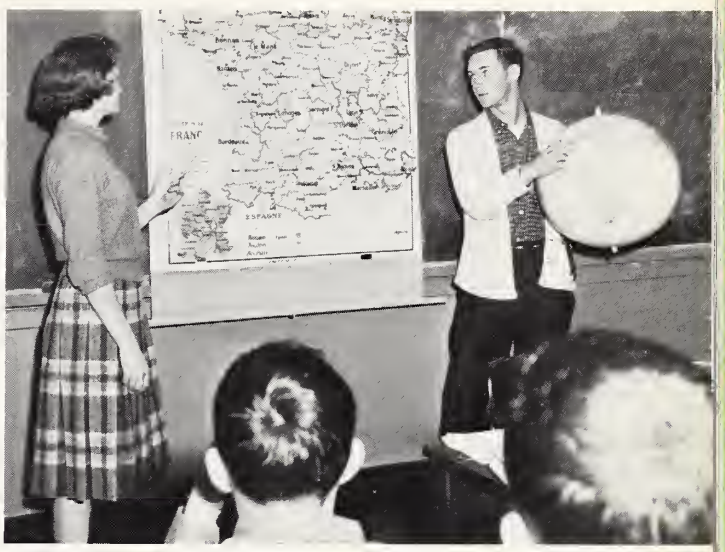
These Ninth Grade students are now studying the basic parts of English so they can be prepared to meet the world in the future. The new reading program has created much interest and dictionary usage in high school.

Social Studies, Math, and Business



Algebra

Algebra is the brain tester of the math in any school, because it is the basis for all mathematicians.



United States History

In this United States history class a student is pointing out the fact that the United States is a big nation, but without the help of other nations we would be very small.

Typing

Typing has become very important because it will help man in his school work, life's work, and pleasures.

Our Principal

Mr. Uzzle has been teaching in Wilson's Mills since 1949. In anybody's language, this is a long time. Just imagine the number of students that he has taught one of the vital "three r's."

He sets criterions for us which we are expected to reach, and reach them we do. Even more than this, he seems to teach and represent a way of life - a life that is as independent as it is rich and fulfilling. He does his best to teach us to rely on ourselves instead of others. His humor teaches us that there is a time for laughter and fun and a time for work. He does a very good job at teaching math, but he equals or excels this in his ability to help each one of us to be a better person.

We are pleased to have Mr. Uzzle as teacher and principal. We are also proud of his excellent record, and we hope that he continues to teach at W.M.H.S. for many years.

To the Seniors of 1961

As you approach the end of your high school days, I hope that each of you will pause long enough to look back over the past twelve years and ask yourselves what you might have done, or what someone else might have done that would have helped you to be better prepared for the adult life that you must now face.

I hope that each of you qualify to this definition of an educated person that I recently heard, and I would like to pass it on to you. "An educated person can write; he will read; he does listen." Score yourself by this theory.

Many of you have made much progress during your years in school. Not only have you improved academically, but you have also developed in character and citizenship that will help to make you better citizens in the years to come.

I have enjoyed having you in school, and in closing I would like to wish for all of you a long, happy, and successful life.

J.T. Uzzle

Learning Can Be Fun

Elementary Library

OFFICERS

President: Sue Underwood
Vice-President: Betty Lou Davis
Secretary: Phyllis Creech
Treasurer: Jim Uzzle

This group aids Mrs. Parrish in keeping the Elementary Library in order. They raise money to buy books and other supplies. This group gets valuable training in library work.

Journalism Club

The Journalism Club is divided into three groups: Library, Newspaper and Scrapbook. The main projects for the Library Club are making subject cards and caring for the library. The Scrapbook Club has the responsibility of compiling the school scrapbook, which is a record of what has happened in our school this year. The Newspaper group has the responsibility of reporting the school news to the local newspaper. Mrs. J. T. Uzzle is our sponsor.

Journalism Officers

President: Brenda Jones
Vice-President: Johnny Johnson
Secretary: Ann Weaver
Treasurer: Nancy Corbett
Chairman of Social Committee: Marion Cox
Library: Elizabeth Harper
Scrapbook: Barbara Barnes
Newspaper: Susan Wilson
Reporter: Dianne Creech

Monogram Club

The purpose of the Monogram Club is to promote our school athletic activities, as well as to recognize our earned letter members of our teams.

President: Linwood Hicks

Vice-President: Johnny Johnson

Secretary: Sue Price

Treasurer: Andy Corbett

Sponsor: Mr. Charles Wilson

As Well as Exacting

Without the newspaper staff we would be lost because it keeps us up to date with the activities of our school, our students, and our accomplishments.

The 4-H Club, through its projects, tries to enrich the interest of the rural young people. Head, Heart, Hands, and Health all are taught to better service through the 4-H Club.

Marshals

Dallie Wood: Chief Marshal
Marion Cox
Joseph Smith
Johnny Johnson
Harold Stevens
Ann Underwood
Elizabeth Harper

Many students aspire to scholastic ranking and are rewarded publicly by being selected as school marshals, serving at our school functions, especially commencement.

Scholastic Honors

Honor Roll

At the end of the year, recognition is given to all students, beginning with the Fourth Grade, who average ninety or above on all subjects. We are proud of this large group of students.

Future Farmers of America

The F.F.A. is a worthy organization for a rural school like ours. We come from the farms and most of us will go back to the farm or some phase of farming. Agricultural production is the backbone of America's national strength, thus we reel this organization is worthy.

President: Joseph Smith

Vice-President: Gordon Massengill

Secretary: Billy Creech

Future Homemakers of America

President: Susan Wilson

Vice-President: Connie Cox

Secretary: Evelyn Southerland

Treasurer: Elizabeth Harper

Advisor: Mrs. Kirby Rose

The F.H.A. is a new organization in Wilson's Mills School. We are proud to have such an organization because we feel without the Future Homemakers of America our strength would not be as high as it is.

These student drivers of our buses handle our most precious cargo - our children. Thus we think their responsibilities are great, and we appreciate their daily task of driving a bus.

Bus Drivers

Ann Weaver, Barbara Lee, Dallie Wood, Marion Cox, Larry Durham, Charlie Edwards, Joseph Smith.

Perfect Attendance for 1959-60

Attendance in school, like physical fitness, is necessary before a student can begin to apply himself in his studies. We are proud of this group of perfect attendants of last year.

Cagers Fascinate the Crowds

Coach's Summary

My association with you has been an enjoyable experience. I observed your sportsmanship with great pride. Each has made contributions to the team and I am grateful for your efforts. I hope that you feel a personal accomplishment has been achieved and that you have benefited from being a member of the team.

In Conclusion

In this, the thirteenth issue of Treasured Memories, we strived to make our annual better than ever. This year we tried to place more emphasis on studies, as studying harder is becoming increasingly more important. As we, the Seniors of 1961, look back over the years we can see times that we could have applied ourselves a little harder and thereby would have accomplished more.

As we, the Seniors of 1961, graduate from Wilson's Mills High School, we are leaving many happy and fun filled years behind us. We do not know what the future holds for us, but we will proceed down the road of life with the confidence that we have acquired a good education during our stay at Wilson's Mills School.

We have enjoyed editing the thirteenth issue of Treasured Memories, and as the years go by we hope that you will enjoy looking at it over and over again. We wish to express our gratitude to Mrs. J. T. Uzzle for the advice and help which she gave us while we were working on this issue of Treasured Memories.

Joseph Smith,
Copy Editor

Joseph Smith

County Runners-Up

The Finals

The Johnston County Class A Conference basketball tournament finals between Wilson's Mills and Micro was rated a toss-up, after Wilson's Mills had defeated top Cleveland and 2nd ranking Meadow teams, and Micro had won hardily in their end of the County. The "Cinderella" team coached by Miss Parrish, supported by a tremendous crowd of home folks, went down in the finals, only to remind themselves this was the furthest any girls' team had gone in the fifty-seven years of the school's history.

Green Waves Squad

COACH: The spirited, well-supported team of Wilson's Mills takes great pride in recognizing their veteran coach, Miss Parrish of the sextet of Wilson's Mills, for her untiring efforts through the years, and particularly this year, as our girls moved into the Championship game of the County.

FRESHMEN: As eight Freshmen made the squad this year, little did we realize how many of them would play vital parts in gaining third place in the County standing and Tournament runners-up. Three of these players lettered and are now members of the Monogram Club; namely, Judy Carol Williams, Joan Woodard, Joanne Woodard. Others: Brenda Brown, Nancy Corbett, Dianne Creech, Evelyn Southerland, Kay Walker.

SOPHOMORES: The backbone of the bench is founded in the Sophomore Class, as seven of these worked diligently to improve our team. Sue Price and Rebecca Southerland lettered as Monogram members for their second year. Other players are: Connie Cox, Ann Underwood, Doris Underwood, Susan Wilson.

SENIORS: As the last game of our three seniors approached three times in the tournament, we took stock of each player and her contribution to her school's one sport, basketball. Naturally, we wonder what we'll do without them.

Receiving Trophy!

Brenda Jones, and her ability to move the ball and guard her forward, played a vital part in our team's efforts the last three years.

Ann Weaver, the last of the Weaver regime, came into her own this year leading in the scoring department. This, too, proved important in reaching the finals.

Marion Cox rounds out the trio and supported her playmates to the very best of her ability. Thanks, Marion!

Barbara Barnes, manager and a senior, has made numerous contributions to the team.
